ALL HOPE OF POLAND LOST IF WARSAW FALLS

Gigantic Battle Is Now in Full Swing from Baltic to Dneister

CREAM OF RUSSIAN ARMY IS ENGAGED

CRUISER SUNK BY SUBMARINE
Warship Carrying 550 Men Goes Down in Fifteen Minutes--No Report of the Crew

(By Associated Press.) LONDON, July 19.—Attention is centered upon gigantic operations in the eastern field, where fighting is in full swing along nearly every section of the Russian line from the Baltic to the Dneister. General Von Beulow commands the extreme left of the German advance toward Riga, which is being conducted by cavalry on a scale exceeding anything in this war. The Russians must fight a defensive battle for the possession of Warsaw or abandon all hope in Poland. The Austro-Germans are concentrating on a hundred mile line between the Vistula and the Bug. The Russian army opposing General Mackensen is asserted to be one of the best ever put in the field.

(By Associated Press.) BERLIN, July 19.—An official dispatch from Vienna says: An Austrian submarine torpedoed and sank south of Ragusa the Italian cruiser Giuseppe Garibaldi. The cruiser foundered in fifteen minutes. The fate of the crew is not mentioned. It had a complement of 550 men and was built seventeen years ago. Ragusa is a fortified seaport of Austria-Hungary in Dalmatia.

HEAVY LOSS IN STORMING DARDANELLES

(By Associated Press.) LONDON, July 19.—The total casualties of the Dardanelles expeditionary force in killed, wounded and missing to date is 42,434 officers and men, Premier Asquith told the house of parliament. This includes both the naval and military branches.

LLOYD-GEORGE WILL TRY TO END STRIKE

(By Associated Press.) LONDON, July 19.—David Lloyd-George, minister of munitions, has taken a hand in the South Wales coal strike. He has announced his intention of going to Cardiff to talk with the men. This announcement was made after it became known that new proposals have been advanced which apparently were offered with good prospects of settling the strike. Lloyd-George is popular with the miners and it is believed that his direct appeal will have great influence.

CONFIRMATION RITE TO BE ADMINISTERED

INTERESTING AND HELPFUL SERMON DELIVERED BY REV. L. H. TRACY

Services were held at St. Mark's Episcopal church yesterday morning, the Rev. L. H. Tracy officiating. The announcement was made that one week from this coming Friday night, at 7:30, Bishop Hunting would visit Tonopah and administer the Holy Sacrament of Confirmation. It was also announced that \$250,000 out of the \$400,000 desired to be contributed for mission purposes had been raised, and that there was no doubt the balance would be easily forthcoming. The rector selected as his text the 6th chapter of St. Matthew, the 10th verse: "Thy Kingdom Come." The pastor in a graphic and forceful manner contrasted the tremendous difference existing between the earthly and Christ's kingdom, and the sermon throughout proved one of much profit and unflagging interest. Sunday school will be held at 10 o'clock as usual next Sunday, and at 11 o'clock the rector will deliver the sermon and celebrate holy communion.

HAVE BONANZA SENT TO SUMMER ADDRESS
Residents of Tonopah who are preparing to leave the city on their annual vacations may have the Bonanza forwarded to them at their summer addresses with out any extra charge. Notify the circulation department when the change is desired and the paper will be forwarded promptly. Subscribers should advise the Bonanza of their return to the city so that the paper may be delivered at their home address.

NEW TRIAL DENIED BY JUDGE AVERILL

CASE OF NEVADA TELEPHONE TELEGRAPH COMPANY VERSUS NEVADA TAX COMMISSION

The court today denied the application of the tax commission for a new trial in the case of the Nevada Telephone-Telegraph company vs. Tax Commission. Some time ago the court decided the case in favor of the telephone company, holding its assessment to be excessive and to that extent invalid. A motion for a new trial was made and submitted some time ago, the attorney general coming down to argue the motion. Judge Averill wrote a lengthy opinion in which he discusses the contentions in detail and upholds his first decision and denies the new trial. It is presumed the case will now be appealed by the tax commission to the supreme court, as the precedent involved is claimed to be of great importance by the tax commission. H. R. Cooke appears as counsel for the telephone company while the district attorney and the attorney general represent the tax commission.

RULING HANDED DOWN IN WURLITZER CASE

Judge Averill has handed down a ruling in the case of the Rudolph Wurlitzer company of California vs. J. P. Kelly. This is a ruling on motion to amend decision and find additional damages, and settlement of findings. For the reasons set out in the decision of the case, an amendment to the decision was refused and additional damages were not allowed. As to the damages for rental, they were modified and reduced to \$46.

DEMAND MADE BY U. S. TO BE CLEAN CUT

NEXT GERMAN NOTE WILL BE DEFINITE

President Wilson and Secretary of State Confer Over First Draft of the Message

(By Associated Press.) WASHINGTON, July 19.—President Wilson and Secretary Lansing discussed the draft of the note to be sent to Germany this week informing that country what the United States will do if there is further violation of American rights on the high seas. On the return of the president this morning he gave Secretary Lansing his first opportunity to confer on the policy of the government as the result of Germany's failure to satisfy the American demands. It is understood that the president and Mr. Lansing reached the same conclusion, that the next communication be definite in character, making it unmistakably clear that the United States cannot be expected to remain passive in the event of another attack on an unarmed ship and the loss of American lives. They virtually agreed that the note will announce the intention of the United States to assert its rights on the high seas in accordance with international law. The note will be submitted to the cabinet tomorrow. It is not yet decided whether reference will be made to the attack on the Orduna.

FELLOW CONVICT SAVES FRANK'S LIFE

(By Associated Press.) MILLEDGEVILLE, July 19.—Physicians say that Leo Frank is worse. The cut in his throat, received at the hands of William Green, a fellow convict, has swollen and his temperature is 102. Dr. W. J. McNaughton, a convict, was nearby when Frank was attacked Saturday night. He made a ligature of the ends of the jugular vein and checked the bleeding. Prison physicians said that this saved Frank's life.

SPLENDID RECORD OF CORPORATION BANK

AT SATURDAY'S MEETING DIVIDEND DECLARED AND SURPLUS AUGMENTED

The semi-annual meeting of the Tonopah Banking corporation was held Saturday, the 17th. President H. C. Brougher states that the bank is doing a largely increased volume of business, and is in most satisfactory condition. That the business has prospered during the past year is evidenced by the fact that the regular dividend disbursement at the rate of 12 per cent, being \$6 per share, was voted to stockholders of record June 30th. Aside from the dividend, a most substantial sum, \$4,000, was carried to surplus, from the earnings of the past six months. This gives the bank a surplus of \$10,000, and is a striking testimony of conservative management. The history of this bank is somewhat unique. Organized in 1905, it paid its first dividend in 1906, and with the present, the thirteenth dividend, the bank has disbursed the magnificent sum of \$99,500 in its ten years of corporate existence, an achievement of which the shareholders are justly proud.

PORTIONS OF ANSWER ORDERED STRUCK OUT

In the case of Tanner and wife versus H. H. Bacon, a case for damages for injuries caused Mrs. Tanner by being run over by the Bacon automobile, the court today rendered a decision striking out a number of allegations of defendant's answer, on the ground as claimed by plaintiff's attorney that the answers were sham and irrelevant. The amount involved is about \$10,000.

TRAINING AT CASINO

Jack Bratton, who fights Frankie Malone in Tonopah on August 2, has begun training. He works out every afternoon at the Casino at 3:15. His sparring partner today was Gus Rainier.

PLAINTIFFS WIN IN INJUNCTION CASE

ACTION INVOLVED THE VALIDITY OF A MORTGAGE PLACED ON CROPS

Judge Averill today decided the injunction suit of H. D. & L. D. Porter of Rhyolite vs. S. S. Lockett and E. E. Palmer, in favor of the plaintiffs. The case was on trial about a week and involved the validity of a chattel mortgage, executed by Lockett some years ago to Porter Brothers to secure some \$1200. It covered crops grown on Lockett's ranch at Beatty. Thereafter Lockett delivered produce from the ranch to Porter Brothers but at the same time traded at their store and obtained money, which together amounted to more than the value of the produce delivered. Later Lockett went through bankruptcy and when the mortgage was sought to be enforced, he claimed the produce should apply to the mortgage and that the open account was cut off by the bankruptcy. The Porters contended that the produce was in fact credited on the open account and hence the mortgage was intact. The mortgage had been held invalid as to third parties by an earlier action of the court, and this suit was to enjoin Lockett from selling produce to third parties, that being the only method open to the Porters to protect their rights. The court sustained the Porter brothers' contentions throughout and upheld the injunction. J. K. Chambers and H. R. Cooke appeared as counsel for Porter Brothers and H. H. Atkinson for the defendants.

West End Co. Ships Bullion

The West End Consolidated Mining company yesterday shipped 31 bars of bullion, representing the cleanup for the first half of July. The consignment, which went forward by Wells-Fargo, consisted of 31 bars, weighing 51,457 ounces, worth, estimating the silver and gold content at 45 cents an ounce, \$33,447.05.

SAD AFTERMATH OF LUSITANIA DISASTER

(By Associated Press.) QUEENSTOWN, July 19.—Water-soaked and partly illegible, the unfinished and unsigned letter-diary of a girl passenger on the Lusitania was picked up a few days ago near the

BRIDGEPORT STRIKE PART FOREIGN PLAN

Mr. Samuel Gompers Takes Initiative

CAUSE OF TROUBLE

FOREIGN NATIONS SEEK TO STIR UP LABOR TROUBLES TO STOP EXPORTS OF AMERICAN MANUFACTURES

(By Associated Press.) WASHINGTON, July 19.—Samuel Gompers, president of the American Federation of Labor, today began an effort to end the strike in the Remington arms plant at Bridgeport. It is expected that the influence of the government will also be exerted toward an early agreement. Gompers expressed the opinion that the difficulty at Bridgeport may be part of a general plan for foreign influences to cause labor troubles to cut off American export of arms and ammunition. "I know that foreign interests," he said, "well supplied with funds, has sought to bring on labor troubles to prevent the shipping of American products to Europe."

BIGAMIST LOSES NO TIME REMARRYING

With the ink on the divorce decree granted his first wife scarcely dry, Perry H. Brewington was married by Rev. Harry Sheldon at the Methodist church in Reno to Mrs. Mary DeRemer. This made Brewington's second marriage to Mrs. DeRemer, he having married her at Sacramento in 1911, while yet the lawful husband of Mrs. Lew Brewington. A few months after that ceremony he was arrested, charged with bigamy and sentenced to a year's imprisonment at the state penitentiary.

LITTLE LADY TO HAVE GODFATHERS GALORE

(By Associated Press.) BERLIN, July 19.—Crown Prince William's infant daughter is to have the whole of the crown prince's army as her godfathers. Announcement to this effect is made in the Vossische Zeitung, which says:

"We are informed that, in addition to other personages, the crown prince and princess have chosen as godparents the whole of the fifth army, of which the crown prince is the head. The choice shows afresh what a beautiful relationship of confidence exists between the leader and his army."

CANANEA IS NOW IN CARRANZA'S HANDS

Zapata Forces Attack Trains in Which American's Lives Are Put in Danger

(By Associated Press.) WASHINGTON, July 19.—Official dispatches have confirmed the reports of the victory of the Carranza troops over the Villa forces at Anavacachi, Sonora. Carranza is in possession of Cananea.

(By Associated Press.) PUEBLA, July 19.—Conditions between Vera Cruz and Puebla are unsettled. There is much looting and destruction of property. On the Interoceanic railroad all the stations have been destroyed between Vera Cruz and Jalapa, sixty miles inland. One station agent and a telegraph operator were killed. The Zapata forces have attacked trains, and in some instances the passengers, including Americans, were compelled to lie on the car floors to escape bullets.

GONZALES ADVANCES ON PACHUCA

(By Associated Press.) WASHINGTON, July 19.—An official dispatch from Mexico City said that General Gonzales with the Carranza army, had left Mexico City to take Pachuca. The dispatch did not say whether the enemy had evacuated. Earlier reports said that Villa's southern column is approaching the capital. An official dispatch said that Gonzales left 60,000 men in Mexico City. Observers believe this indicates that he has gone to meet Villa's column.

CARRANZA FORCES OCCUPY NACO

(By Associated Press.) NACO, Sonora, July 19.—Carranza forces have occupied Naco after a skirmish with the Villa garrison. Four of the defenders were wounded and eleven made prisoner. The American residents were not molested.

BRIGANDS OVERRUN PROVINCE OF SHENSI

(By Associated Press.) PEKING, July 19.—The military and civil governors of the province of Shensi have informed the central government that brigands overrun the country as a result of a distribution of arms and ammunition to the people during the "White Wolf" and other disorders. The governors ask for funds, and indicate that the arms and ammunition which the country people and many disbanded soldiers now possess be purchased from them, relieving them of these implements necessary to brigandage.

CENSORS OBJECT TO QUOTING FOOD PRICE

(By Associated Press.) BERNE, Switzerland, July 19.—An order has been issued in Saxony forbidding people to write to prisoners of war in France or England about the dearth of necessities or the shortage of food. "Such letters," declares the official proclamation, "are published in the enemy's newspapers, and tend to prolong the war. In the future they will not be passed by the censors."

UNIVERSITY TO HAVE A DEAN FOR WOMAN

Miss Louise Fargo Brown, until recently instructor in history at Wellesley and who formerly held a similar position at Vassar, has accepted appointment to the position of dean of women at the University of Nevada, according to President A. W. Hendrick, who recently returned from the east. She is said to be a very brilliant woman and is a graduate of Cornell.

scene of the disaster, and is awaiting a claimant here. There is no clue to the identity of the writer except for the mention of the first names of several relatives. The letter is addressed to "My dear Ruth," and the other names mentioned include "Prue," "Aunt Ruth," "Nellie Casson," "Will Hobson," "Ethel Kline," and "Willie and Bee."

MR. BALLIET OPENS SAN FRANCISCO OFFICE

DEMAND FOR HIS PATENTED COUNTERBALANCE RAPIDLY GROWING

Mrs. Letson Balliet and her mother and sister departed for San Francisco on Sunday morning's train. Mr. Balliet will follow in about ninety days, having already opened an office in the Merchants' National Bank building of that city, but will come to Tonopah for a few days every month, and still retain the consulting engineering of the Buckeye mines of this place. The business growing out of the Balliet counterbalance is assuming such proportions that this change is necessary, to look after the increasing business. The Balliet safety counterbalance is a Tonopah invention, invented and patented by Mr. Balliet, who installed the first one at the Buckeye mine of this place. It is now in use at the West End, Jim Butler, Monarch-Pittsburg, and one is being installed at the Midway. The Cash Boy will soon put on one and several others are spoken for. The Blue Bull in Goldfield has one, and fourteen are being used in Colorado. The big power saving is making a great demand for it. Mr. Balliet has received two offers for the patent, running into five figures.
